

6<sup>th</sup> October 2017

Dear Parents and Carers,

### Photographer

The photographer will be in school on **Monday 9<sup>th</sup> October** to take individual and sibling photographs. If you would like to bring younger brothers and sisters to have their photo taken, the photographer will be available from 8.30am. Please can you make sure that your child goes to the classroom to get their mark and order their lunch if they have a school dinner.

### Owl Experience

Our three Reception classes took part in an owl experience on Monday, meeting and interacting with real owls, as part of their work on the Owl Babies. Everyone enjoyed meeting the owls.

### A quick reminder from Mrs Fielding!

When did you last have your child's eyes tested? If they have not been tested in the last two years then your optician will do this for free.... The correct prescription can make a massive difference to the ease at which your child learns.

Do you ever find yourself asking your child to do something two or three times? Before you dismiss it as something children do why not ask your GP for a hearing test? Most surgeries are equipped to do this and it is often just an appointment with the nurse. Again, free of charge.

Are you registered with a dentist? It is very easy to forget to do this, and often it can be hard to find a dentist who will register you...however that is nothing in comparison with a really bad bout of toothache. Children with toothache find it very difficult to concentrate and if a dental issue is not addressed promptly, it can lead to longer term issues.

Yours sincerely

Mrs A Million
